

WelfitTM

AMERICAN FLEET PROTECTION

**Your work vehicle or fleet is more than a means of transportation:
it's your livelihood, your brand, your good name.
Protect it from the inside out with Welfit.**

Built tough for durability against daily wear and tear. Built smart for lightweight performance. Made right here in America from start to finish. You can count on Welfit kits to protect against moisture and rot, reduce road noise and create an elevated driving experience. From individual products to complete kits, we stand ready to deliver the service and solutions you need, day in and day out.

DON'T JUST UPFIT, WELFIT™

DURABLE

Preserving your vehicle's paint and exterior graphics from the inside out.

LIGHTWEIGHT

Reduced starting weight for fuel savings.

FAST INSTALL

Precision-cut for each vehicle wheel base and roof height.

FORMED TO FIT

Need a specialized solution? Contact us to discuss your unique design and performance specifications, info@welfitkits.com

**PRECISION-CUT FOR EACH VEHICLE
WHEEL-BASE AND ROOF HEIGHT.**

- // Available with or without thermal scrim for additional protection
- // Self-aligning panels simplify install
- // Made for hinged or sliding doors

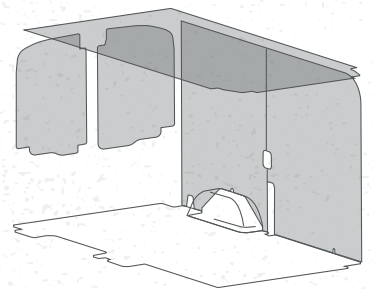

CEILING, WALL & DOOR LINERS

Protection from the inside out

Shield the interior walls of your vehicle from daily wear and tear or damage from moving objects inside the cargo area. Welfit cargo liners utilize factory mounting locations and color matched push pins for a clean, custom look.

Installing a ceiling liner with thermal scrim can also provide added protection from heat inside the vehicle.

	Weight	R-Value	Flammability	Thickness
Standard	0.4 psf	0.4	SE/0; passes FMVSS 302	5 mm
Insulated	0.6 psf	1.8	SE/0; passes FMVSS 302	15 mm

WATER-RESISTANT & WARP-PROOF

- // Super lightweight for fuel savings
- // Coated with non-slip surface
- // Ready-made for no-hassle install

- // Prefixed side and rear door sills
- // Minimizes road noise
- // Impact-resistant

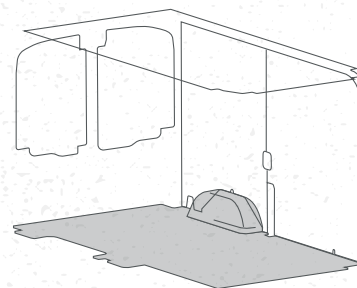

FLOORING & WHEEL WELL COVERS

The complete protection package

A flat and even flooring surface is the baseline for safety and productivity inside the vehicle. Welfit floor solutions are made of composite panels which are lighter vs wood and fiberglass-free, making them easier to handle.

Plus, zero moisture absorption and a durable anti-skid-wear surface help keep you and your cargo safe. Complete your interior with wheel well covers.

	Weight	R-Value	Flammability	Thickness
Standard Floor	1.1 psf	0.9	SE/0; passes FMVSS 302	14 mm
Insulated Floor	1.3 psf	1.3	SE/0; passes FMVSS 302	17 mm
